and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I'd like to know who is lobbying to you folks to increase this charge!? I'm sure this charge is motivated by the large phone companies who are finding it hard to compete fairly because of increased cell phone use. VERY tired of large corporations calling the shots.....

PLEASE I use my cell phone for safety and local use only. I don't appreciate making it any more expensive by the government.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Jennifer Young
